THE SPIRIT

Private Experience

The art of hospitality,
wherever you choose.

MILAN

THE SPIRIT OF OUR BAR.

The character of your event.

The Spirit Private Experience brings the cocktail culture and hospitality of The Spirit beyond the doors of our bar.

For a private party, a corporate event or a special evening, we create a bespoke experience at your chosen venue: carefully crafted cocktails, attentive service and a bar setup designed for the occasion.

The same care we give our guests every evening, dedicated to your event.

Every detail, tailored to you.

THE COCKTAIL MENU

From timeless classics to original creations, we curate a cocktail selection to suit the occasion and your guests' tastes, including low-alcohol and alcohol-free options.

PERSONALISATION

Cocktail names, menu design and drink presentation can reflect the theme of your evening or your brand identity.

Our team guides guests through the cocktail selection, helping them discover new favourites with professional, discreet service.

THE BAR SETUP

The bar counter, equipment, glassware and service details come together in a temporary bar that combines style and functionality, designed to complement your venue.

THE FOOD OFFERING

Working with our partners, we can complement the experience with a bespoke food offering, from aperitivo to cocktail parties, coordinated with the drinks selection and the style of your event.

YOUR NEXT EVENT

Starts here.

Tell us about the occasion, your venue and the number of guests. Together, we will shape your event: cocktails, food and bar setup, with the care that defines The Spirit.
